

# Revised Drawings

**Project:** Old Town - Maintenance Building & Additional Parking  
**Location:** Florida Plaza Blvd, Kissimmee FL 34746  
**Bid Date:** As soon as possible

**Birchmier has been awarded the above referenced project. Work is scheduled to begin in two weeks.**

A revised set of drawings has been issued. Please review the drawings to verify your numbers.

**Also include any of the pricing alternates below relevant to your scope:**

- Concrete/masonry for the dumpster enclosure as the owner is requesting its deletion
- Delete dumpster bollards, gates and roof ladder/hatch
- Provide beam for hoisting maintenance equipment
- Delete stucco and paint from dumpster enclosure
- Delete EIFS from the sides of the building. Keep the front elevation in EIFS
- Provide ¾" stucco in lieu of EIFS system on the front elevation. Include exterior paint
- Delete skylights from metal building roof
- Include power and circuitry for overhead roll up doors

The revised plans can be accessed at the link below:
